Dear Mr. Lynn—

I read your column for an Anarchist Summer School in Freedom & while I cannot attend, I would be grateful if you could put me in touch with any Anarchist publications, addresses, magazines etc., however small.

Here in the U.S. pockets of Anarchy are springing up everywhere - esp. among the youth, frustrated in small towns w/ lacklustre schools & social lives! A new Anarchist Youth federation has just started here in NYC & are working with Love & Rage, one of our revolutionary papers.

The Black Panther Party is back as well - twice as strong & more organised.

S S

Right now their focus centers around Mumia Abu Jamal — who is on death row, unless our Dec. protest in Pennsylvania changes that! Well — I'm rattling on!

Sincerely & Destroy Work,

Dear Miranda,

I am a member of Glasgow Class War and I will be in in New York in August/September I'm not quite sure yet when I'll arrive. I know a couple of Irish guys living in Long Island who will house me for a bit. I'd like to meet some of the comrades from NYC and further afield. I think it would be quite interesting for us to meet to discuss the Scottish-U.K. and U.S. anarchist scenes. We have recently formed a Glasgow Ⓐ group as a follow up to the summer school which

looks promising.
I was interested in what you said about pockets of Anarchism emerging among American youth. Over the last 5 years Scottish + British Ⓐism has got back to its roots in class struggle politics (well in theory at least) successful application in ow next move. you also mentioned about the growth of revolutionary black politics - is there any libertarian strands through it? Do you know of black Ⓐ prisoner Ojore in Lutalo - hes on the A.B.C. list?
I'll finish off now Miranda as I've a few more letters to write. By the way did you know that Robert Lynne is the oldest living Ⓐ in Glasgow - hes 69 years old

(2) and has been active since 1944!

I've enclosed some bit'n pieces I'hope you'll find of interest.

Yours in Solidarity

Mick Gallagher

P.S. If you are intending on writting back - I may be leaving Glasgow as early as the 9th of August!

P.P.S. I forgot to mention earlier in the letter that Robert Lynn gave me your letter as he know I was intend on Visiting the U.S.A./N.Y.C.

P.T.O.

& sorry this is so rushed!

- Comradely, Miranda

I assume I'll be able to track down yourself and other N.Y. Ⓐ's through a N.Y. Radical book shop.?!

Eeep! I'll answer fast & hope you get this! Sure! Come by any time - I'm a visitor* Sept. 23-30 but you're welcome to stay before or after if you're hard up for room space! Does Class War link up w/ Love & Rage -? (if so, it'd be good to get in touch w/ them) ... as well as The Shadow & ABC NO RIO, also listed in Radical Address List. Reconstruction Records has fine people too 216 E 6th St NYC (212) 505-0965

Well- look forward to seeing you maybe

* who is starting to get interested in politics - so stop by

These people might be in town when you are too! Definitely worth meeting them - I suggest calling ahead to find out! T|SOR|49|5|3|11

A Proposal to the Love and Rage Network
From the Web Collective
San Francisco Bay Area, California

The Web Collective is proposing to the Love and Rage Network, that the Network accept this proposal for the production of a Direct Action Manual as one of its projects.

The Web Collective will:

- Act as an address for the Direct Action Manual project.

- Collect and distribute written contributions and comments on articles received in the form of a periodic discussion bulletin.

- Continue outreach to publications, groups, and individuals to solicit further contributions and funds.

It is our goal that a composite rough draft of all material received be photocopied and distributed to as wide a readership as possible. This draft would then become the basis of discussion for a Direct Action Manual Conference, to happen within the next year. At this conference, workshops could be held around the material submitted, an editorial group could be elected, and final decisions and arrangements about the publication of a Direct Action Manual in book form could be made.

The Love and Rage Network can support the Direct Action Manual project in the following ways:

- Endorse the DAM project:
  where endorsement means we can use the name "Love and Rage", along with other endorsers, and that you will receive the DAM discussion bulletin, for a minimal contribution to cover costs.
- Publish the Call for Articles.
- Assist with other types of outreach to solicit participation and material.
- Photocopy and distribute the first draft.
- Organize and/or publicize a Direct Action Manual Conference.
- Assist in raising funds for the project, including an initial $500.
- Assist in contracting a publisher.
- Translate text to encourage non-English speaking anarchist participation.
- Loan any available resources to the project as needed.
- Distribute the Direct Action Manual.

The Web Collective

December 21, 1992.

To: North American radical, anti-authoritarian, anarchist groups and publications.
From: The Bay Area Web Collective.
Concerning: Direct Action Manual and the enclosed flyer.

Greetings from the Bay Area,

For some of you, this will be the first time that you've heard of this idea to publish a Direct Action Manual. The first mailing was an earlier version of the text from the enclosed flyer that in October was sent to only about twenty publications in North America. (*See flyer for a listing of these.*)

We hope that with this second mailing, we are able to reach a wider audience to enable this project to be inclusive of more people. At the moment, there is active interest in producing some kind of a Direct Action Manual amongst people in the San Francisco Bay Area and in New York.

We now seek the support and endorsement from other North American radical, anti-authoritarian, anarchist groups and publications. As is mentioned in the flyer, the Love & Rage Network endorsed this Direct Action Manual project at the November meeting in Atlanta. Enclosed within is a copy of the proposal that was presented to the them.

To endorse this project means, at a minimum, that you support the production of a Direct Action Manual and will help publicize the Call for Articles by distributing copies of this flyer and by printing its contents in other publications. Endorsement can also mean, for example, that you:

- Send us current articles or reprints of older yet relevant material.
- Send us comments, criticisms, and ideas for inclusion in a discussion bulletin.
- Send us money, or offer free advertising or subscriptions to your publications.
- Become a regional contact.

Please write to us if you want to be involved with this project and have specific questions or other issues to address.

Hi Mick!

Hope ya survived Italy! Tell me what happened!!

Thank you for all the artwork & the nightgown! Good job there - do you burn screens as well as design images? I do both - I've got a backorder for 5 different designs, one in glitter! If it's ok w/ you, I'm gonna burn your "copkilla" image & try to sell the shirts - do you want me to send the $ to you or Lorenzo?

My group here (mainly in Brooklyn) AFA raised $300 for Lorenzo at a rooftop party! All reggae all night long, w/ the "crazy baldhead djs" (see the Jammyland shirt - where they work). It was great. I'm sorry I didn't make it to Scotland, but was kept on a busy, tight schedule w/ magazine & TV interviews! No real chance to relax, although your beer is heavenly! Next time, I vow to go to Scotland - there's a good time of the year? Here are some random photos of mi' California home, if you're ever headed that way & need for free what grows in my neighbors backyard! (☺) (& my neighbor's neighbor). NY phone is (212) 995-1274 - will be cat sitting solo Sept. 1-15 on Martha's Vineyard if you headed that way's a beautiful place! (508) 645-3170.

love!

Miranda.

Dear Mick-

...So sleepy my eyes are about to drop out, but just wanted to write & let you know I finally finished the screen, looks great - I enlarged the image a touch, hope that's ok- & of course "schmeatics" is printed on the side.

Now to MARKET it in this Post-Sept. 11 atmosphere!! GOOD LUCK!! Cops/Soldiers everywhere, it hasn't stopped me or my comrades from carrying on business as usual, but - with the exception of Brooklyn, I might be better off hawking the shirts in Afghanistan right now! (or you might be better off sending me some WTC Theme-related merchandise - yesterday I mentioned to Lorenzo that someone walked up to a Native American & told him to "go home"- ultimate irony!)

Sorry for the silly art on the back here - just brainstorming ideas for a zine-library t-shirt (which has a collection of CW, BTW!) if you have ideas.

It really is interesting to be in NYC right now on MANY levels - looks like I'll be helping start a workers collective (anarchist!) months from now! Sounds good!

love,
Miranda
